Perfs should be 11520 to 18470 per operator

Michelle,

Thank you for letting me know! That was a typo on my end the Bottom TD should be 18,470. Sorry about that!

Michelle,

They were still working on our W-2 packet for the University 1-24 South Unit #6H but since the reports are due tomorrow I thought I would send what I can to have it set up.

Perf intervals: Top interval: 11,520 ft. Bottom interval: 18740 ft.
The date of First Production is 08/28/2016
Products to be reported: both
Type of completion: oil

Please let me know if you need anything else!

Thank you,
Berenise Gonzales
