### NOTES:

This plat represents the approximate planned location of the  
wellbores and exact as drilled well locations may differ. Production  
allocations shall be made based on the actual "as-drilled"  
location of the wells.

Bearings shown hereon are based on Grid North, State Plane  
Coordinate System, NAD83, Texas North Central Zone (4202).

This plat is not intended to be a boundary survey following the  
minimum standards set forth by the Texas Board of Professional  
Land Surveying.

Attention: Drilling Permits

RE: Amended Drilling Permit No. 823081  
API Well Number 42-003-47494  
University Lands 1201 Well

Gentlemen:

Enclosed herewith please find:

1. An amended W-1 Form Application for Permit to Drill, Recomplete or Re-Enter.
2. A check in the amount of Five Hundred Sixty-two and 50/100 dollars (\$ 562.50)

Pursuant to our ongoing communications regarding the University Lands 1201 well the enclosed document and check is being forwarded to amend the field number that the above referenced well is drilled into. The original field number was inadvertently used when permitting the well. The correct Field Number for this well is 82570700 the Shafter Lake (Yates) Oil Field.

Please take the necessary steps to amend the Permit to Drill, Recomplete or Re-Enter that was issued for the above referenced well. Once this is completed, I will be able to enter the production from the well from the date of first production to the current date.

I wish to thank you in advance with respect all of your time and consideration given to this matter. If you have any questions regarding this filing please contact me at (231) 218-0337.
