5. Products to be reported (oil/gas or both) – BOTH
6. Type of completion (oil or gas) – OIL
7. P-8 and P-4 for new wells or if the well is on an already established lease, the RRC Lease number.

There are not any P8s because they are already in lease #17844 and they do not need clearance to haul the oil. We're in the process of filing the completion papers and the P4 will be completed at that time. I should have them to you by Monday

RRC#: 17844

UT Lease#: 111034

Thank you,
